Edition One ● January 2023

Dear Well-wishers,
Happy New Year!

Uma Guha Foundation began its journey on 5th July, 2022 and in a matter of 6 months, has come a distance that has encouraged and motivated us.

With our areas of activities ranging from the city areas of Kolkata to the deep interiors of West Bengal, we are happy to share that our vision of reaching out to the needy and the underprivileged is firmly on track and we look forward to touching the lives of many more in the months ahead.

Everything we do is possible with your good wishes.

We request your support in the coming months as we continue to make strides for the well-being and development of underprivileged children.

With best wishes.
